

## REMARKS

By the present amendment claims 9, 31, and 32 have been amended. No claims have been cancelled. Claims 9, 11-14, 18-21, and 23-32 remain pending in the application.

After review of the application, applicant realized that the previous amendments may have inadvertently limited the claims to being solely directed to wind turbines. Applicant has never intended the claims to be limited solely to wind turbines. Applicant is thus amending the claims to remove any unintentional references to “air” and replacing them with a reference to “fluid”. Applicant is also amending the title of the application in a similar fashion.

In addition, in claims 31 and 32, Applicant the reference to be to the “encasement assembly” for consistency throughout the claims. No change in scope is intended by this amendment.

At the time of filing of the present response, no fees were believed to be necessary. In case any fee should be necessary, the Office is hereby authorized to debit Deposit Account number 502977.

Respectfully submitted,

/Jonathan D. Cutler/
